

## SLAVE BASE SOUNDER (100-5013V)

The 100-5013V is an aesthetically pleasing low profile Base Sounder. When used in conjunction with an associated intelligent detector the unit can be controlled via the cause and effect programming of a compatible control panel utilising the Eurotech digital protocol.

The unit has integral DIP switches allowing the independent adjustment of both sounder Volume and Tone settings.

The unit's integral detector base has easy access for loop cabling and allows for the connection of both the sounder and associated detector via a single set of cable terminations.

## KEY FEATURES

- Low current, high output local sounder
- Selection of 32 tones
- Tone and volume set via DIP switch
- Adjustable volume output
- Compatible with all Eurotech detectors
- 5 year product warranty
- Includes device identification tab
- Easy central cable entry

## TECHNICAL SPECIFICATION

Loop voltage range	15Vdc - 32Vdc
Standby current	70μ @ 24Vdc
Current consumption	5-8mA @ 24Vdc
Max volume	90dBa
Tone range	440Hz - 2900Hz
Dimensions	116mm x 42mm
Weight	188g
Temperature range (no icing)	-10°C to +55°C
Max humidity	95% RH

## STANDARDS & APPROVALS
